TENSION See tension at the beginning of each pattern.

It is essential to work to the stated tension to ensure the correct size and you should always knit a tension square. If there are less sts and rows to 10cm, 4in, change to finer needles if there are more sts and rows to 10cm, 4in, change to larger needles. Although every effort has been made to ensure that instructions are correct, Stylecraft cannot accept any liabilities.

Stylecraft cannot accept responsibility for the result of using any other yarn.
